# LOOKING FORWARD

## Council Precept for 2025-2026

The Council's main source of income continues to be the precept, which has been set at £275,000 for the 2025–2026 financial year. This represents an 8.2% increase on the previous year, equating to an additional £7.84 for a Band D property — bringing the annual total to £103.71.

**Plans for Treloweth Community Hall Improvements** In 2025, the Council will be submitting a planning application to Cornwall Council for the improvement and extension of Treloweth Community Hall. These works are essential to future-proof the facilities used by the Parish Team.

The project will be primarily funded by reserves that have been specifically set aside, however, due to the rising costs of building materials and labour, the Council has also approved the application for a loan to ensure the project can be completed as planned.

raking Action on othrate onlinge

The Council has officially declared a Climate Emergency and is actively working to reduce its carbon footprint.

As part of these efforts, the Council prioritises supporting local businesses when reviewing contracts or making purchases, and encourages the use of recycled or sustainable materials when sourcing products and equipment.

The Council's IT project has significantly cut down paper use and printing expenses, with most Council information now being shared and stored electronically. Additionally, when renewing its electricity supplier, the Council ensures the energy comes from 100% renewable sources.

In a move to conserve water, new hanging baskets that require less watering were introduced. The original flower containers didn't go to waste though and they were repurposed and donated to Duchy College Rosewarne.

## Carn Brea Parish Neighbourhood Development Plan (NDP).

After many years of hard work, the Carn Brea Parish NDP went to a Public Referendum on 1<sup>st</sup> August 2024, and 87.95% voted in favour of the plan which is an excellent result! The Plan was officially 'made' by Cornwall Council and implemented on 16<sup>th</sup> September 2024 and is used to determine Planning Applications within the Parish.
