25/022 Illogan Highway Methodist Church, Agar Road, Illogan Highway, Redruth, Cornwall, TR15 3EJ.

PA25/01684 Listed building consent for the works and alterations associated with the conversion of the church complex to form commercial offices.

Resolved: that Carn Brea Parish Council supports PA25/01684.

Proposed: Cllr. P. Holmes **Seconded:** Cllr. J. Pollock

25/023 Illogan Highway Methodist Church, Agar Road, Illogan Highway, Redruth, Cornwall, TR15 3EJ.

PA25/01683 Conversion of church complex to form commercial offices and associated works.

Resolved: that Carn Brea Parish Council object to PA25/01683 on the grounds that:

- For 15 employees there is inadequate parking and we note that the application form now says may rise to 30 employees. Access to the front for vehicles would be problematic as you would cross the busy pavement onto a highway immediately opposite a road junction and traffic light pedestrian crossing.
- We further note that access to the car parking spaces at the front of the church is a new vehicle access and there are no dropped kerbs in place.
- The statement of design and access still refers to the Neighbourhood Development Plan for Lanner Parish and not the Neighbourhood Development Plan for Carn Brea Parish Council consequently the applicant has misdirected themselves.
- We point out that the Cornwall Local Plan Policy 13 (Development Standards) requires the provision of an appropriate level of off-street parking and cycle parking this application does not comply with that policy.
- Carn Brea Parish Council Neighbourhood Development Plan Policy D2 (Design Heritage and Local Distinctiveness) requires that development proposals within Pool should demonstrate reference to and incorporation of the guidance in the Cornwall Design Guide.
- The Cornwall Design Guide at para 5.7.1 says well planned parking and vehicle storage involves delivering the right number of spaces in the right location within the development, para 5.8.1 says car parking must realistically meet demand, para 5.8.3 requires infrastructure for charging electric vehicles none of the requirements above are met by this application.
- Carn Brea Parish Council Neighbourhood Development Plan Policy D4 (Reconstruction or Conversion of abandoned or neglected buildings) requires safe and convenient access arrangements to the site or must be created also that sufficient off-street parking must be provided to ensure highway safety is maintained, this application fails to meet these requirements.
- Section 4 of the Design and Access Statement entitled "Parking" sets out a level of parking provision which does not agree with the Site Plan submitted.
- The Application Form at Waste Storage and Collection indicates a lack of provision for the storage and collection of recyclable waste.
- The hours of business set out in the Application Form differ substantially from the hours of business set out in the Statement of Design and Access. For all of the above reasons we strongly object to this application. The decision was unanimous.
